NO. 40

KINGSVILLE.

We have had many lovely rains and crops are doing fine.

Mrs. Daniel Hester is with friends in Cincinnati this week.

School opened here Monday and we think it deplorable that our children are suffered to attend during the warmest months of the year. People should take more interest in the matter and see that the school opens at the proper season.

Mrs. Wallace Walter spent last week in your city. Miss Annie McKee is at home after a visit to Cynthia and the World's Fair. She was accompanied by her niece, Miss Lydia McKee, Rev. and Mrs. O. M. Huey, of your city, spent Tuesday with J. L. Johnson and family. Miss Effie Carey is down from Lexington to visit her mother.

Mr. and Mrs. W. P. Campbell, of Lexington, are spending this week in our little city. C. Lough Evans, of Junction City, was here Sunday as the guest of the Misses Johnson. James W. Hodges, of Lexington, was in our midst last week. J. Howe, of Harriman, Tenn., spent a few days with his parents recently. Mrs. W. A. Wallace is spending a week with her husband's parents in Nicholasville.

The fourth was pleasantly spent by a merry party at the home of Postmaster J. L. Johnson. The guests present from a distance were: Misses Eunice W. and Frances Willard Johnson, of Verona, Geraldine Moore, of Big Bone Springs, Mrs. James Ray and son, of Jellico, Tenn., James W. Hodges, of Lexington, and J. Howe, of Harriman, Tenn. Music and games were in order and the dinner was a very enjoyable feature.

WAYNESBURG.

Crops are looking fine.

Born to the wife of Ashford Johnson, a boy.

Master Brinkley Gooch, of Somerset, is with Oliver Ballard.

The trustees of the town have secured Mrs. Cochran, of Stanford, as teacher. The school will begin July 18. We give her a hearty welcome and wish her success.

Molan Gooch has returned to Fincastle after spending a few days with relatives. Mrs. Ora Williams began school at Goshen Monday. She will be missed by the community. A. B. Hubble has opened his school at Green Briar.

R. Y. Ballard has bought of John Heth his farm. The latter will move to Somerset. Mrs. J. M. Reynolds and Miss Nettie Johnson have been visiting Mrs. Ball at Stanford. Dr. Singleton will move to McKinney to practice his profession.

The ladies of the Waynesburg church are going to give an ice cream supper on Saturday, July 23. An enjoyable program will be rendered and H. H. Singleton will have his soda fountain in operation. The proceeds will go toward buying a carpet. A good time is expected. Everybody invited.

PREACHERSVILLE.

J. M. Cress sold a bunch of lambs to Eph Woods at 5c. D. M. Anderson bought of Ben Bennett a pair of mules for \$200.

Rev. Cheatham could not come as had been announced, and Rev. Jordan is going on with the protracted meeting at the M. E. church, doing excellent preaching. His subject Sunday evening was handled in a masterly way. Good crowds attend each service.

Miss Lizzie Pettus is teaching our school and the patrons are delighted, as she is one of the best teachers in the State. Miss Ida Holtzclaw, of Gilberts Creek, is visiting at D. M. Anderson's. Mrs. H. G. Cummins is indisposed. Joseph Pettus, of Springfield, was with the homefolks. J. M. Cress and wife visited in Rockcastle last week. Miss Mary Thompson visited J. H. Thompson. D. M. Good Work for Fairview.

HARRODSBURG, JULY 12.—Just one year ago the 8th of next month, the District Board employed the writer to hold a series of meetings at Fairview church, Lincoln county, better known as Halls Gap. The church had had no preaching for about two years and had been pastorless for a much longer time.

The meetings resulted in a revival and 15 new members were added. Since that time the writer has supplied them monthly, giving them three sermons a month. They have paid their supply every month, bought a new organ, fenced in the church yard and are painting the church inside and out. They have fixed the time for the protracted meeting to begin the 13th of next month, to be conducted by the pastor. We hope for a great meeting. This is the church that was built through influence of Miss Mamie Carter, who is now Mrs. Peter Straub, of Stanford, and still an active member of that church.

Yours respectfully,
J. I. WILLS.

Cured of Chronic Diarrhoea After Ten Years of Suffering

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for 10 years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by all druggists.

The Russian army in and about Port Arthur seems to be much in the same attitude as the republican party since the adjournment of the democratic convention. In other words it is besieged on all sides and is in what is designated the "nine hole" with no hope of making another point.

From reports received from county assessors' Commissioner of Agriculture Vreeland has made a compilation showing the acreage of tobacco in Kentucky for the year 1903 to be 243,320 and the estimated pounds of the crop to be 193,880,321, showing an increase of over 3,000,000 pounds over the year 1902.

Twenty or more people were killed and about 25 injured in a collision between a passenger train and a freight at Glenwood, 23 miles south of Chicago, on the Chicago & Eastern Illinois railroad. The passenger train was taking a picnic party back to Chicago from Monee, Ill., and ran into the freight at a sharp curve as it was switching from one track to the other. The engine and baggage car ran through the freight and nearly all the passengers in the first coach were either killed or injured.

MR. F. J. CAMPBELL.

One of the best newspaper men in the state and one who has done more for democracy's cause than any man in the bloody eleventh district, is Mr. F. J. Campbell, editor of the Somerset Journal.

He is a great friend and supporter of Governor Beckham, who recognized his valuable services by appointing him on the State board of

equalization, a position of great honor and some pay. Mr. Campbell founded the Stanford Interior Journal and laid the foundation for that paper's long and prosperous career.

For several years after its sale he tried to follow other lines of business, but finally drifted back into the arms of his first love—journalism—and took charge of the Somerset Journal, which he has made a power in the land, which is densely republican.

His paper is one of the best edited and best printed anywhere and bears evidence of thrift and prosperity in unmistakable conditions.

Mr. Campbell is assisted in his editorial work by his wife, to whom he gladly gives credit for much of its standing and success.—Lexington Democrat.

APPELLATE COURT CONVENTION.

The democrats of this part of the Fifth Appellate district should not forget that mass conventions of the party will be held at the county seats of the several counties comprising the district, on Tuesday, August 2, 1904, to appoint delegates to the district convention which will be held at Lexington on Thursday, Aug. 4th, to nominate a candidate for judge of the court of appeals. Remember the time—Tuesday, August 2nd, at 1 o'clock P. M. Place, court house.

COMMENTING on Senator James B. McCreary and his work at the St. Louis convention, the Louisville Times says:

Good judgment, fidelity to duty, and honesty and loyalty characterized the service of United States Senator James B. McCreary as a delegate at-large to the St. Louis convention.

Kentuckians who have watched his career in the House of Representatives, more recently in the Senate and his services in party affairs in the State express the opinion that he is the foremost democrat of the Commonwealth and is the most capable representative of the State's best citizenship.

It has been charged by Senator McCreary's enemies that he is slow to make up his mind about public policies and party matters. His friends reply that that is true, but after he does reach a conclusion he can not be shaken from it. He first decides in his own mind the best thing to do and then does it. He does not undergo the lightning like changes that so many latter day politicians have a habit of doing.

When Senator McCreary went to St. Louis he made the motion in the Kentucky delegation instructing the delegates to vote for Parker. With this done he stood by Parker and when others were trying to get the delegates to violate their instructions no one had any doubt about the Senator's position. He served on the committee on permanent organization and attended the meetings of the committee regularly and faithfully.

He voted for the majority report of the committee on credentials which recommended the seating of the regularly elected and duly accredited delegates from Illinois. He took the position that the Bryan-Harrison men who had bolted the Springfield convention and had not even gone through the forms of holding a separate convention should not be recognized. However, Gov. Beckham and Mr. James, handling the majority, voted Kentucky for the Bryan-Harrison men. This gave the Parkerites a terrific shock and they wanted to know why Kentucky should have gone on record for the recognition of a bolting delegation. When Mr. James tried to pull Kentucky away from Parker no one stood his ground any firmer than Senator McCreary.

On the vote as to whether the telegram should be sent to Judge Parker, telling him that his views on the money question were no bar to his acceptance of the nomination, Senator McCreary voted to send the telegram. Mr. James voted against it. Gov. Beckham was a member of the resolutions committee, and he said it would be improper for him to vote. Senator Blackburn, although a delegate-at-large, was not in the convention, and had not been on the floor for some time. He was in Louisville when the vote was taken. Senator McCreary was there and voted on every proposition that came before the delegation and the convention as a whole. Therefore, in the view of the Senator's faithful public services, the people of the State naturally regard him highly and recognize his ability.

To our observation, not in years has this grand old appellate district had the opportunity presented to it to name a jurist who would reflect credit upon it, the bench and the Commonwealth alike, more than now. Lincoln county presents the name of Judge Micah Chrisman Saufley, a man of spotless character, the highest integrity, honest of purpose, capable and fair with all men. He is fitted in every way for the exalted position, having served upon the bench in this judicial district for 11 years and made the district a most excellent official. He is the possessor of a strong mind, scholarly in the law, concise in his opinions, to the point always and an orator of exceptional ability. From all over the district the most encouraging reports come in and we hope and believe he will be made the nominee of his party. Not one laurel would we pluck from his worthy opponents' brows, but to our

mind what the "court of last resort" needs most is a strong, active jurist, ripe with experience in the law and one who can rapidly and accurately dispense with the large number of cases that have accumulated upon the docket in recent years.

The editor of this paper is taking in the World's Fair this week and the office force is in charge of the I. J. to day, therefore, we ask the indulgence of the subscribers and patrons in our feeble efforts toward filling the editor's chair. We wish to say for him that in our newspaper experience we have never known a more energetic newspaper man in Kentucky than Mr. E. C. Walton. He toils from the break of day till the shades of night and we are exceedingly glad to have him take the much-needed recreation he and his little daughter, Lucy Lee, are now enjoying.

One by one those who fought for the Lost Cause are crossing o'er the river and resting under the shade of the trees. In the death of Hon. Joseph McCaughan, of Bedford, Kentucky loses an honest, upright and generous hearted man. We had the honor to be associated with him in the last General Assembly of Kentucky and we never came in contact with a more thorough gentleman nor a more careful and painstaking legislator. He was a lawyer by profession and a gallant Confederate soldier. Peace to his ashes.

The Louisville Post, which flaunts the hateful lie at its masthead, "A Democratic Newspaper," is knocking the democratic ticket with all its little might. As the opposition of that subsidized organ is worth more than its support, the signs of Parker's election continue to multiply.

POLITICAL capital is being sought from the bolt of the Chicago Chronicle as if the peculiar personal feeling of that organ was an index to the political temper of the American people. While the Chronicle announces its intention to support the republican party in the coming campaign it is neither calculated to do much good to the cause it espouses or injure the cause it has abandoned. As a matter of fact the Chronicle never enjoyed much of a political following and, like all other institutions, or individuals it has the most perfect right to chase a will o' the wisp of its own choosing.

ATTENTION, JUDGE TRIBBLE.—We invite your attention to the Vagrancy law passed by the recent Legislature defining vagrants and the punishment therefor. Stanford is infested with a lot of worthless and idle Negroes, who hang around the street corners and at the depot and use profane language and who never pretend to do a day's work. We hope that Marshal Jones will come to your rescue and enforce that stringent law. Put them to cleaning the streets, as they need it badly.

REDUCED rates on all railroads to the Crab Orchard fair July 27, 28, 29. A rate of one plus 25 cents, for the round trip to the fair has been secured from Louisville, Winchester, Lancaster, Jellico, Middleboro, Richmond, Stanford, Corbin and all intermediate points. LASLEY.—Rev. L. M. Lasley, who has been in this county several days at the bedside of his aged mother, who lives near Parksville, was this morning telling of the fine prospects for young men in the mining regions of New Mexico. He said: "The new mining fields of New Mexico offer opportunities for small means, as well as those of more capital. Mines, not mining stocks, actual mines of great riches may be had for making the location; and many already located and proved-up may be had for a few hundred dollars. A little money, pluck and energy will accomplish more in a new mining field within the short space of three to five years than a life of toil in any other vocation." Mr. Lasley is the owner of the Golden Bell gold mine, and has grown rich within the past few years in New Mexico. —Advocate.

POLITICAL.

Senator Tillman, of South Carolina, who is in Washington suffering from a soar throat, announces that he expects to take an active part in the presidential campaign.

George F. Washburn, of Massachusetts, a leading Populist, says that a national conference of Bryan's friends will be called within the next 30 days to discuss the political situation.

W. J. Bryan has prepared a statement for publication in his paper announcing that he will vote for Parker and Davis, but asserting that he will keep up the fight against "the Wall-street interests" after the election.

By a vote of 53 to 25 the teachers of Laurel county decided that D. C. Edwards should make the race for the Republican nomination for Congress against Dr. Hunter. Capt. Ed Parker accepted the result, and will make speeches for Edwards.

There are six candidates announced for the democratic nomination for circuit judge in the 11th judicial district, to complete the unexpired term of the late Charles Patterson, as follows: H. P. Cooper, Judge J. P. Thompson, Jno. McChord, H. W. Rives, I. H. Thurman and Scott Mayes.

The republicans of West Virginia, in convention at Wheeling, nominated W. O. Dawson for Governor. Senator Elkins, who presided as temporary chairman, delivered an address in which he referred briefly and kindly to the nomination of former Senator Davis by the democrats for Vice President.

Democratic leaders throughout the country express themselves as highly pleased with the work of the National convention at St. Louis. Representative John Sharp Williams, before he left St. Louis for his home in Mississippi, expressed the intention of taking an active part in the campaign. He will speak in the pivotal States.

The Times correspondent after making a careful investigation as to those who opposed Mr. W. J. Bryan in 1896 and 1900, has found not one in the town of Lancaster, who will not support Judge Parker. Those who have been most hostile toward the national ticket still ought to receive the hearty and loyal support of all who voted for Palmer and Buckner and those who went to the extreme and voted for McKinley.

IN NEIGHBORING COUNTIES.

J. B. Gaberry, who for several years was in business in Dandie, died at Liberty a few days since.

Bud Davis, an employee of the Queen and Crescent railroad, was crushed to death at Somerset while saving the life of a child.

Mrs. Jennie Davis Foster, of Lexington, disappeared from her home and her body was found floating in an old pond. She said life's ills were too burdensome for her to bear.

Charley Fowler, while repairing a gutter on the third story of the Cumberland Hotel at Somerset, fell through a scaffold upon which he was standing, receiving injuries from which he will die.

The Kentucky Railroad Commission unanimously decided that it has jurisdiction to pass upon the charges of extortion preferred against the Car Service Association by the Lumbermen's Club. Tuesday was set as the date for the hearing.

Another oil well has been brought in on the Steely farm, about one mile north of Williamsburg. This is the fourth well that has been put down in that vicinity. One was dry, but the others have been pumped since November and are making a fairly good showing. The last one has the deepest sand of any of them and appears to be the best.

ATTENTION, JUDGE TRIBBLE.—We invite your attention to the Vagrancy law passed by the recent Legislature defining vagrants and the punishment therefor. Stanford is infested with a lot of worthless and idle Negroes, who hang around the street corners and at the depot and use profane language and who never pretend to do a day's work. We hope that Marshal Jones will come to your rescue and enforce that stringent law. Put them to cleaning the streets, as they need it badly.

Brutally Tortured.—A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobie, of Colusa, Calif., writes, "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by G. L. Penny Druggist.

LIVER TROUBLES

"I find Thedford's Black-Draught
a good medicine for Liver disease.
I cured my son after he had spent
several months. He has no medicine I take." - MRS. CAROLINE
MARTIN, Parkersburg, W. Va.

If your liver does not act reg-
ularly go to your druggist and
secure a package of Thedford's
Black-Draught and take a dose
tonight. This great family
medicine frees the constipated
bowels, stirs up the torpid liver
and causes a healthy secretion
of bile.

Thedford's Black-Draught
will cleanse the bowels of im-
purities and strengthen the kid-
neys. A torpid liver invites
colds, biliousness, chills and
fever and all manner of sick-
ness and contagion. Weak kid-
neys result in Bright's disease
which claims as many victims
as consumption. A 25-cent
package of Thedford's Black-
Draught should always be kept
in the house.

"I used Thedford's Black-
Draught for liver and kidney com-
plaints and found nothing to excel
it." - WILLIAM COFFMAN, Mar-
blehead, Ill.

HON. HENRY G. DAVIS.

Ex-Senator Henry G. Davis, of West
Virginia, who was chosen as democrat-
ic nominee for vice president, is an octo-
ogenarian, but so active has been his
life, much of it spent in the open air,
that he has the appearance of a man
who is approaching the allotted span of
three score and ten. He was born on a
farm near Baltimore on November 16,
1823, and early lost his father, who left
no fortune. Before he was 15 years of
age young Davis was thrown absolutely
upon his own resources, without a dol-
lar to give him a lift. Before reaching
his majority he was made superintendent
of a small Virginia plantation, and
there he began to develop the rare
executive talent which afterward made
him noted.

Later he became a freight brakeman
on the Baltimore & Ohio railroad, and
there he got his start. He saved mon-
ey and when he saw an opportunity to
buy 18,000 acres of land at a few cents
an acre he took it over. These lands
are now among the richest coal pro-
ducing properties in the United States.
Mr. Davis is a large stockholder in and
a director of the railroad on which he
was a brakeman, and is president of an-
other road, which he practically owns.

This is the West Virginia Central, and
while it was being built he superintend-
ed the entire work, so that the workmen
said he knew every nail that was used.

Mr. Davis is many times a millionaire,
but is personally modest and un-
ostentatious. His home is at Elkins,
W. Va., where his son-in-law, Stephen
B. Elkins, a republican United States
Senator, lives.

Mr. Davis himself served in the Senate
from 1871 to 1873, and might have
had a re-election, but he declined it.
His first entrance in politics was a
member of the Virginia house of dele-
gates in ante-bellum times, before there
was any State of West Virginia. He
afterward served two terms in the State
Senate.

NOT A PATENT MEDICINE.

Hyomei, the Guaranteed Ca-
tarh Cure, Prescribed by
Physicians.

No one should confound Hyomei with
patent medicines that are advertised to
cure catarrh. It is as far superior to
them all as the diamond is more valuable
than cheap glass. Their composition is
secret, but Hyomei gives its formula to
all reputable physicians.

It is not foolish to try and cure catarrh
by swallowing tablets or liquids? The
only natural way to cure this disease and
all other diseases of the respiratory or-
gans is to breathe Hyomei.

This treatment has been so successful,
curing 99 per cent, of all who have used
it, that Hyomei is now sold by Penny under
an absolute guarantee to refund the
money if it does not cure. You run no
risk whatever in buying Hyomei. If it
did not possess unusual powers to cure,
it could not be sold upon this plan.

To The Voters of the Fifth Ap- pellate Court District of

Kentucky.

I am a candidate for Judge of the
Court of Appeals from this district,
subject to the action of the democratic party.

As circuit judge, it became my
duty to try a number of criminal cases,
which have become a part of the State's
history and at a most critical time. As
judge of the State fiscal court, it fell to
my lot to construe the Statutes adopt-
ed, to put in force the provisions of the
new constitution, as well as to construe
the present constitution whenever a
controversy arose as to its proper con-
struction. Almost innumerable cases
have burdened the dockets of my court,
touching the rights of corporations and
the exercise of franchises under the
law. How well I have discharged my
duties under such trying circumstances,
is left to you to determine.

I will be very grateful to all who feel
they can assist me to secure the high
position and office to which I aspire.

Very respectfully,

JAMES E. CANTRILL.

Safeguard the Children.

Notwithstanding all that is done by
boards of health and charitably inclined
persons, the death rate among small
children is very high during the hot
weather of summer months in the large
cities. There is not probably one case of
bowel complaint in a hundred however,
that could not be cured by the timely use
of Chamberlain's Colic, Cholera and
Diarrhoea Remedy. Mr. Frank Riggs,
of Franklinville, N. Y., in speaking of
this remedy said: "I have found it
expedient to have a supply of Chamber-
lain's Colic, Cholera and Diarrhoea Rem-
edy on hand. It has been a family
safeguard and while especially beneficial
to children, it is equally good in adult
cases. I recommend it cheerfully and
without reservation." For sale by all
druggists.

Ex-Senator Henry G. Davis, owes his
nomination to several causes. He is a
sound money man, a man of great
wealth and an employer. It was felt
that in him were centered all necessary
attributes. It is believed because of
his relationship and his close affiliation
with Senator Nathan B. Scott, he will
carry West Virginia, for Democracy.

Senator Davis is also the father-in-law
of Senator Elkins.

Hugh Tom Miller and wife, of Bar-
bourville, have small-pox.
